

ALL: Please find information below from Jen Schorn regarding early guilty pleas for those who are incarcerated at BCCF.

Good afternoon. We are in the process of screening cases for early guilty pleas (EGPs) for individuals who are incarcerated at the Bucks County Correctional Facility where the underlying crime does not involve a victim, or is an institutional victim (i.e. a retail establishment) and we have reached an agreed upon negotiated sentence of time served. It is our understanding that during this judicial emergency, the court will schedule EGPs on Wednesdays following the BW list.

Although there will not be a May trial term, we are still assigning cases to term ADAs to prep for a future term date. In order to effectively screen these cases, please reach out to the assigned ADA to express your desire to have the case screened for an EGP and copy me and our Office Manager, Sam Suder and Assistant Office Manager, Debbie Hubler. We will then have a senior DA screen the case and make a determination.

Take care.
